Bureau of Ontological Consistency

Document Trace ID: BOC.REG.SAMCONF.0525.01

Federal Registration Confirmation

Date: May 14, 2025

Summary:

The Bureau of Ontological Consistency has completed its SAM.gov documentation process. Submitted documents were reviewed and accepted as of May 14, 2025, at 03:04 AM PDT.

Status:

- Submission marked as Closed

- Documentation accepted

- Entity awaiting backend system integration

Expected Timeline:

- Up to 48 hours for SAM.gov to issue a Unique Entity ID (UEI)

- Upon issuance, full federal registration can be finalized

Implications:

- Enables eligibility for U.S. federal funding programs

- Permits submission of research proposals

- Establishes traceable entity status across government systems

Next Steps:

1. Monitor SAM.gov for UEI assignment

2. Complete final SAM.gov registration steps

3. Generate internal Entity Verification Certificate

4. Archive verification for future compliance and grant applications

Current Objective Trajectory:

- Align BOC registration with eligibility requirements for NSF, IMLS, and DOE R&D opportunities

- Maintain compliant registration data for audit readiness and funding verification
